MD's Message

It gives me immense pleasure to welcome and introduce Syscom, a leading provider of IT products and solutions in MENA. Our corporate brochure is designed to walk you through our mission, vision and the comprehensive portfolio of solutions, along with the value proposition we have been delivering to our customers for more than 10 years.

Since the company's incorporation in the year 2013, we have been striving on our motto "Technology for Tomorrow", and has played a major role in providing advanced and latest technologies for companies across multiple verticals. We believe in fostering strong partnerships with our clients, built on a foundation of trust, reliability, quality, and exceptional customer service.

Our team of dedicated, experienced, and certified professionals is committed to exceeding your expectations at every turn. We're confident that, we can be a valuable partner in your journey. We invite you to explore the possibilities within this brochure and discover how we can help your business thrive."

Regards,

Hamid Ansari
Managing Director

About Us

Syscom is an IT Consultancy and System Integration firm with a specialized team to provide guidance and custom solutions to help achieve seamless integrations between systems. We strive on our motto “Technology for Tomorrow” to provide bespoke solutions and services to our clients.

With headquarters in Dubai, United Arab Emirates our remarkable growth expands from Middle Eastern countries of KSA, Oman, Qatar to United Kingdom in Northwestern Europe. We have nurtured relationships with world’s leading technology vendors, and invested in skilled, experienced and certified workforce to meet the varied demands of our customers.
